

OL' ONE EYE

SAILS IN!

Hello there **MUDDY WATERS** fans and a merry spring time to one and all! It's a lovely time of year to dust off your walking boots and get canal side - there's so many wonderful sights, smells and sounds on the waterways in

spring. It's the start of the boating season too and a great chance to see some of the most amazing crafts that dwell on the water... but be warned.

Should you come across a particularly grumpy pirate boat with snarly teeth and cannons astern, stay out of his way!

Ol' One Eye makes his debut in **Ol' One Eye's Revenge**, out to buy from this weekend online and selected retailers up and down the country. In this, the most exciting and scintillating adventure yet, Muddy,

Jolly and Dizzy head off to Gloucester Docks in search of Cocoa, the ingredient that makes chocolate so delightfully yummy. It's been a while since their last trip and, un-knowingly, danger awaits them... Ol' One Eye and his gang lurk in the shadows, waiting for a

chanced to seize on the Thrupp boats. Will the pirates catch them, or will wit and wisdom prevail? Perhaps a springtime phenomenon will lend a hand too...

SCHOOLS

We have had great success presenting at schools up and down the country and would love to come to yours. **D.H.**

Clacher and **Stephen Preedy** are available to offer a fully interactive experience that children love - from creating their own stories and boats to competitions and readings from the author himself. Please get in touch for more information or ask your school to email us:
